

Extension for Eve Light Strip

Smart LED Strip

HIGHLIGHTS

- Ultra-bright & dimmable
- White & color
- Solderless connection
- 2 m / 6.6 ft. extension to be used with Eve Light Strip
- Connects directly to Eve Light Strip or another extension – no connector necessary
- Cuttable, bendable, and self-adhesive
- Full-spectrum white and color thanks to premium triple-diode architecture
- 1800 lumens for ultra-bright, whole-room ambience
- Tell Siri to switch on/off, dim, and brighten using your voice
- Activate preset colors and easily create your own favorites
- Add up to four to extend Eve Light Strip up to 10 m / 32.8 ft.

Easily extend your Eve Light Strip by 2 m / 6.6 ft for even greater immersion - in full-spectrum white and millions of colors. Activate whole-room ambience or dim to a subtle glow of understated elegance, all via the app or Siri. Extend Eve Light Strip to bring even bigger surfaces to life with premium HomeKit-enabled LED technology.

Leveraging the superior intelligence of Apple HomeKit, Eve ensures unparalleled ease of use, advanced security, and absolute user privacy.
